Seasons Greetings

Seasons Greetings

The previous year has been a rough one for everyone but with the start of a new year, comes the rays of hope. As you celebrate the festivities with your friends and families, on behalf of bari textiles, we wish you a happy new year. May this year be one of peace, prosperity and success. Bari Textile Mills is

ringing in the New Year with gratitude, Letting our dreams take flight in the new year. Our focus in this chapter is on collaborative textile fabric structures and some of their advanced derivatives. Plus, we help you the more particular way in the next age.

New is the year, new are the hopes, new is the resolution, new are the spirits, and new are our warm wishes just for you.

So, out with the old, in with the new! Take new drives with our reliable textiles and colors—best wishes for a happy and prosperous new year from Bari Textile Mills.

May the new year bless you with health, wealth, and happiness.

Beachwood Modal

With this new year, we continue to push ourselves to better serve our customers and clients. We introduce to you the Beachwood Modal. This successful addition of 2020 within the production line of Bari Textile Mills comes with a great range of benefits. The Beachwood modal is soft to the touch which makes it the first choice to go to when choosing material

for undergarments, pajamas and sheets. Softness is not its only quality as the modal is also 50% more absorbent than cotton. Thermo-regulating characteristic has also been integrated into the modal which makes it cooler in the summer days and warmer during winter.

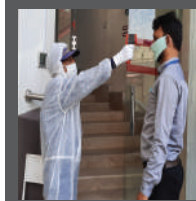

The Beachwood Modal doesn't odor and perspiration and is breathable in nature. Talking about nature, the new modal is also eco-friendly having a minimal impact on the environment.

Beachwood Modal

COVID SOPs continued at Bari

Considering the uprisin spread of coronavirus with a substantial number of deaths during this entire year

worldwide and major causes resulting in this disease, Bari Textile Mills Limited has decided to take prominent

initiatives to protect their employees against the threats of COVID-19. With the increasing number of cases in Pakistan, keeping a secured and fully sanitized environment has become the utmost priority here at Bari Textile. As an initiative, we have instructed our employees, staff, even HODs and HRs to wear masks and shields. Different disinfectant walkthrough tunnels have been planted on the entry and exit points of the BTML, where guards check temperature promptly. Social distancing has been maintained, and every aspect is meeting the state-of-the-art sanitizing standards.

These rules and procedures have been introduced by the World Health Organization and have been imposed by the Federal Government. These procedures are written specifically for working and living conditions among the Standard operating procedures (SOPs). The major objective of these SOPs is to make sure that all the activities carried out within premises during COVID-19 are up to the hygienic standards described by WHO.
