*Weaving Yarn to Perfection*

CORPORATE PROFILE

# Our Vision

It is to Create & Offer our customer, fully Coordinated Quality bath fashions that are competitive in price & value, while showing excellence in design, function & fashion.

## KN TERRY TEX

- KN TERRY TEX is a family owned company established 2007 in Karachi, Pakistan
- Purpose built factory is state of the art meeting all international standards
- From the start we have invested in latest technology starting with latest Smit Shuttleless machines in 2007 and now with Toyota Air Jet looms.
- Air jet and shuttleless technology gives us the edge over many other towel manufacturers to maximize both on quality and quantity
- Our owners are directly involved from purchasing the best available yarn till the final step of packaging and offering services making sure we give the best products to our buyers.

# BABER IMPEX
