TESTIMONIALS

“ It is our first time attending ATSC in Toronto and truly it has been an amazing experience. We have found and met with plenty of great manufacturing suppliers from China, India, Bangladesh, Indonesia, Ukraine. I would definitely recommend for other Canadian buyers to attend to meet with great suppliers from around the globe. At Simons we focus on the best quality products at the best price, and I have been able to find such surprises at ATSC. We plan to attend the show next year! ”

Eric Dubé

Sourcing Director - Simons

“ ATSC has become an extremely valuable event and resource to the Canadian retail and global sourcing market. Canadian companies traditionally had few sourcing conferences and opportunities to meet with manufacturers directly in Canada. ATSC helps solve this problem by bringing the market and industry to our doorstep here in Toronto. ”

Pamela Bokser

Director of Softgoods, Direct Imports, Giant Tiger

“ I think the show is great. I was here a couple of years before and I think it is growing as a trade show, I am seeing new categories like home textiles at the event. I don't think there are other shows of this magnitude in Canada. It is great to visit and meet vendors that I haven't met before. You don't get a chance to meet vendors in your own back yard. For Canadian business it is a big advantage not to have to travel far to attend a sourcing trade show. ”

Chaminda Jayatilaka

Associate Sourcing Manager, Wal-Mart Stores, Inc.

The uniqueness of Canada is always attractive to Chinese manufacturers, the successful 3rd edition of ATSC gave us strong confidence to continue to bring more high quality producers to ATSC in 2019.

“ This is my first time visiting ATSC. It has been a great show because it saved me from having to spend the money on a trip to China to meet with manufacturers. I am so happy it is in my backyard here in Toronto and I plan to attend the ATS show every year. ”

Amori Savis

Creative Bureau (Distributor)

“ Art and Carry was formed one year ago as a Canadian enterprise with roots in Vietnam. Our desire to expand our business outside Asia has lead us to exhibit ATSC. This is our first trade show ever and we are already planning to participate in ATS-Miami. ”
