Dear Sir,

Annual Turn Around (ATA) of Kunner Pasaki and Bhit Gas Processing Plants has been approved by the Ministry of Energy (Petroleum Division) and will commence w.e.f 19th August to 31st August 2019 and 15th September to 25th September 2019, in two phases respectively. Massive curtailment of indigenous gas of 100, 200 and 130 MMCFD will be faced by SSGC during these periods, which is beyond its control. To manage the load effectively and for smooth operation of the system, expected gas availability for Industries and its Captive power during these periods will be as follows.

15th to 25th Sept.- 19	50% of normal consumption	15 th & 22 nd September 2019 Complete Closure (Sundays)

The above availability of gas is subject to the normal supplies from remaining fields, any variance if observed will be communicated accordingly. You are, therefore, requested to please inform all your members to maintain gas intake at their units as per above schedule and given volumes and make necessary alternate fuel arrangements accordingly.

Looking for your best cooperation in this regard.

With regards,

Yours sincerely,
