

*17% GST implementation on the export oriented towel industry and the non-availability of export finance will result in severe cash flow crunch and increase the cost of doing business for, the exporters. This will lead to decline of towel exports from Pakistan.

*TMA fully supports the government's initiative for documentation of the economy and collection of GST on the local sales.

APPEAL

*The FBR in consultation with TMA, should devise a separate taxation/refund mechanism for the 100% export oriented towel industry. The current GST taxation and refund mechanism will result in decline of the towel industry and towel exports from Pakistan.
