Dear Member AOA

The UK's GSP trade scheme is a broad replication of the EU's GSP to ensure consistency and smooth transition for the developing countries. The UK is committed to improving its scheme to further support trade and development and to take account of the views of all sectors of society and international stakeholders.

The British Government has therefore launched an eight-week public consultation on UK's future tariff schedule and policies in relation to GSP. The consultations can be accessed at <https://www.gov.uk/government/consultations/designing-the-uk-trade-preferences-scheme-for-developing-nations> It will close on 12th September 2021.

The UK looks forward to receiving online responses to the consultation. In this regard, various stakeholders in Pakistan are invited to take part in this consultation process. This is an opportune moment for Pakistan to safeguard its interests and it is therefore strongly suggested that all stakeholders take advantage of this opportunity by filling out the form.

The form is quite technical in nature and requires sound understanding of the GSP rules. Therefore we request our member to nominate technical person to fill out this form. In order to help, TDAP has nominated following officers who can assist with technicalities in the form.
